

## **New** The Classic Range

---

### **Outdoor Wood Gasification Boiler from Central Boiler**

### **Classic Features & Benefits**

---

#### **Firestar Electronic Controller**

Provides user with easy operation of the boiler with just the touch of a button. The controller automatically adjusts the primary and secondary air which optimises the gasification process allowing the boiler to be more efficient and cleaner burning.

#### **Fusion Combustor**

Super heated air is injected and mixed with the hot gases from the primary firebox and starts the secondary combustion process. No catalytic device needed.

#### **Large Reaction Chamber**

Final combustion occurs in the reaction chamber where extremely high temperatures aid in complete combustion. the reaction chamber features a large, hinged door for easy ash removal.

#### **Push Button Automatic Gas-Fired Wood Ignition**

Provides an easy start and ensures you will never need to light another fire (dual fuel only)

### **Urethane Foam Insulation**

Insulation is sprayed on and forms a 100% airtight, waterproof seal around the water jacket.

### **Triple Insulated Firebox Door**

Ergonomically designed door is lockable and features a large opening for easy loading. Door is triple insulated for maximum efficiency. Panels are powder coated for high durability. The heavy-door handle is durable and easy to use. The specially designed curved ends of the Cam Loc door closure fit precisely around the adjustable bearings, for a tight seal each time the door is closed.

### **Rear Access Panel**

Designed for convenient installation and easy access to pumps and power disconnect. Up to two pumps can be installed

### **Insulated Chimney**

Two 4 foot, insulated chimney sections are supplied. Additional sections are available for extending the chimney when needed.

### **Photo Electronic Controlled LED Lights**

The new long-lasting, energy-efficient LED night lights save money and enhance safety. They illuminate the inside of the firebox and the front and sides of the outdoor boiler and can be conveniently set to automatically turn on at night.
